# HOW TO ORDER A PRINTED T-SHIRT

1. Click the links on page 1 to view the product online, and **download the logo file** (.png) to your computer.

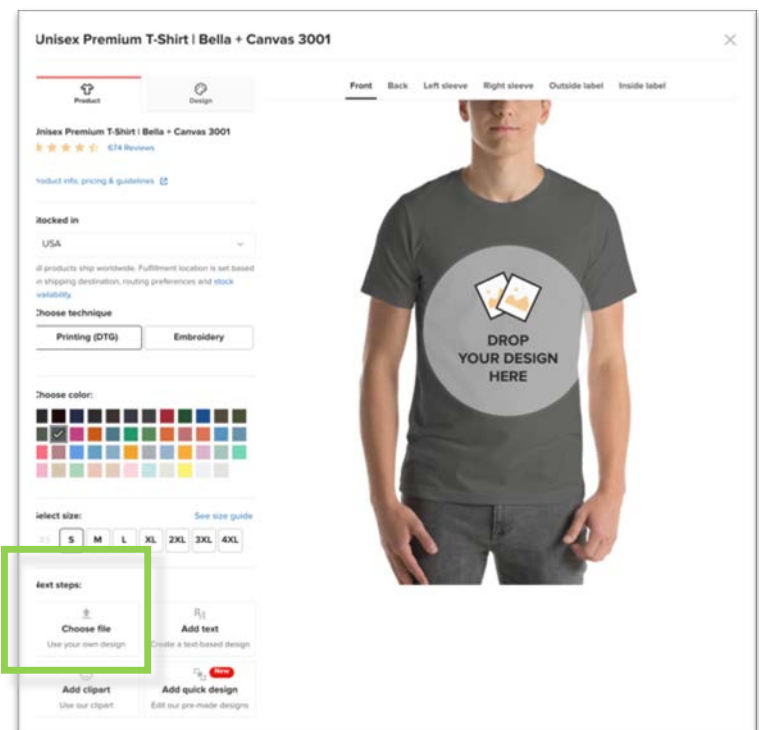

2. Select the **color** and **size** of your t-shirt.

*Note: Please do not select white as the shirt color, as the logo will be printed in white)*

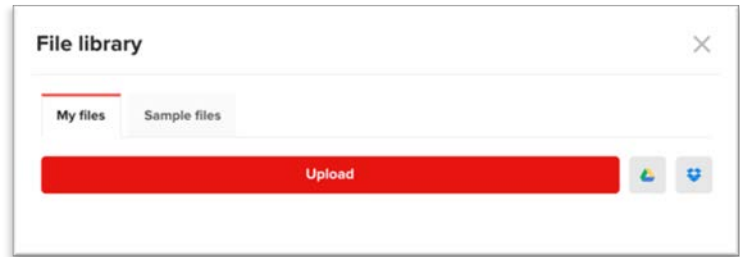

3. Click **'Start designing'** button on product page.

4. Click **'Choose file'** on the lower left of the pop up window (or drag file directly onto shirt preview).

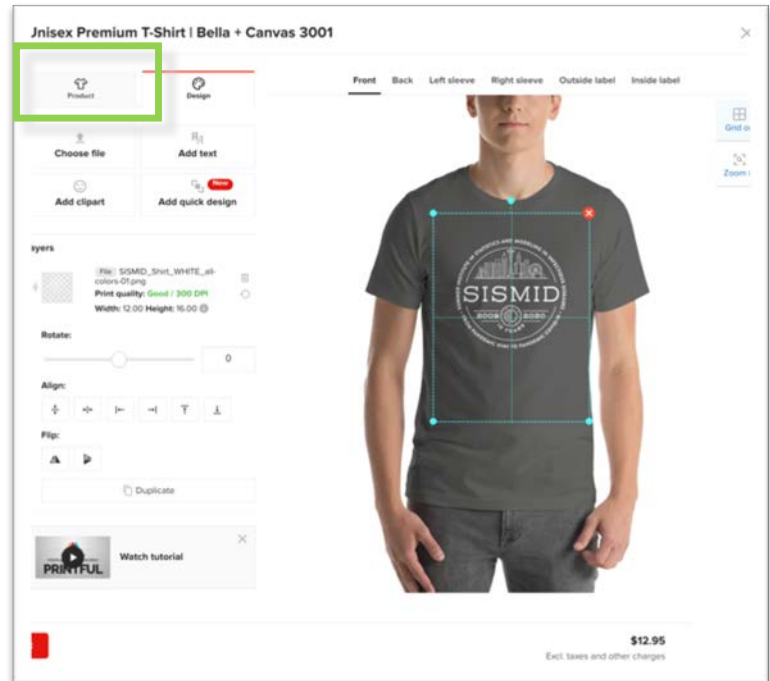

5. **Upload logo file** (.png) that was downloaded in step 1.

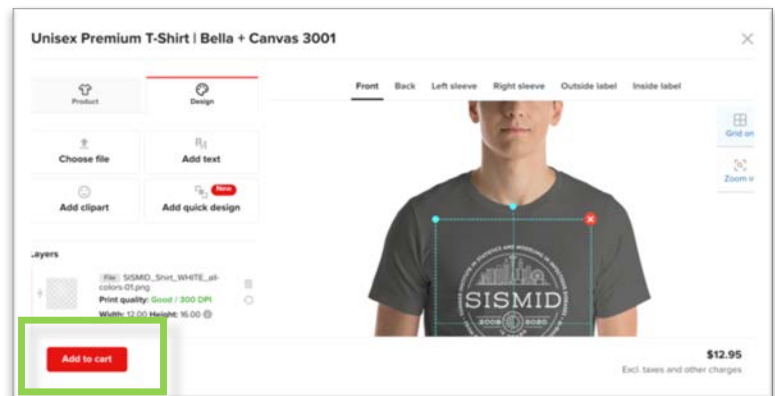

6. Click on the uploaded file. You will then see a preview of logo on the front of the shirt.

You can also change the shirt color by clicking 'Product' on the top left of the window.

7. If preview looks correct, click 'Add to cart' on the lower left.

8. If you would like to add another shirt in a different color or size, you can click 'Copy' underneath the item in your cart, and then 'Edit'. Select the new color/size, then click 'Continue' and your cart will be updated.

9. You can add another item, or click the '**Continue to checkout**' button, and then '**Continue to shipping**' to get a shipping quote and place the order. It will first ask for your shipping address, followed by payment info (credit card or PayPal).

**Note:** *T-shirts currently have longer production times. If your order contains a mug and a t-shirt, it will delay the shipping of the mug. Consider placing separate orders if you would like to receive your mug sooner.*
